

## National Park Service, El Rio del los Tejas

Xplore Design has recently completed the design, layout and formatiing of the Draft Comprehensive Management plan and Environmental Assessment for the National Park Service, El Rio de los Tejas national Historic Trail. (Yes, that is indeed a mouthful.) The purpose of the plan is to establish administrative objectives, policies and managment guidleines for the preservation of the nearly 2580 miles of trail and its cultural and historic resources.
